

# Sentinel Safety Solutions Ltd

## Managing Safely

### Course Info

This course is aimed at managers and those with responsibility for managing health and safety risks in the workplace. Successful completion of the course will enable delegates to review their own departmental systems for safety and implement effective risk control measures to ensure safe working practices

### Course Location

On site at your premises or at our dedicated training facility at Sentinel House

### Course Duration

Four days with assessment on final afternoon

### No. of delegates

12 maximum

### Key Topics

- Safety management
- Reactive monitoring
- Risk assessment and risk control
- Active monitoring
- Review and audit
- Health and safety legislation
- General and organisation specific hazards

### Assessment

Examination and workplace based assignment

### Qualification

On passing the assessment, delegates will receive a nationally recognised Certificate from the Institution of Occupational Safety and Health

**All courses are delivered by qualified trainers with extensive experience in industry and/or enforcement agencies**
